Short Term

Eliminate the concept of labor chowks by enabling workers to find jobs conveniently from anywhere.

Provide users with a hassle- free solution to hire labor for day-to-day tasks without physically searching for help.

Vision

Long term

- Transform Shiber into a comprehensive platform encompassing all types of manual work that humans perform
- Empower individuals—students, jobless individuals, homemakers, and retirees—by offering opportunities to register as part-time workers.
- Provide a wide variety of tasks, ranging from simple jobs like hanging a painting, organizing a cupboard, and assembling furniture, to more technical tasks like minor repairs or gardening.
- Foster a connection between privileged and underprivileged individuals by offering job opportunities to those who lack basic necessities, such as food or shelter, while addressing the needs of those who require assistance with tasks.
- Inspire and mobilize the younger generation, encouraging them to actively participate in productive work, reducing dependency on external help.
