EVERY PET IS A BABY

pets are not just seen as dogs and cats
they are treated as a member of the
family..The pet parents are emotionally
connected with their pets

This emotional connection goes very
deep due to the reason that pets are
innocent souls and they only want love
and emotional connection

04

wonder? how pet's get to know when you have to suddenly travel because they know either they're staying alone or in a cage in some area far from home

Everybody knows how smart humans are , we build bridges, skyscraper , artificial intelligence and what not , we can travel wherever we like eat whatever we want bath whenever we want , but pets can't , they need someone and that **someone will be us**

A warm, intimate photograph of a woman with long, wavy brown hair, wearing a grey knit sweater, sitting on a couch and gently kissing a small, fluffy tan dog on the nose. The dog is looking up at her with its eyes closed. The background is softly blurred, showing a window with light coming through and a dark abstract painting on the wall. The overall mood is cozy and affectionate.
