

"Shudh Natural Foods"

Sonawane Foods Pvt. Ltd.

June 2025

CONFIDENTIAL – For Investor Review Only

Problem Statement

“Traditional Indian food products are loved, trusted, and time-tested — but they are often unorganized, unhygienic, poorly packaged, and difficult to trust in today’s retail and digital environment.”

Unhygienic production conditions

Indian consumers struggle to find chemical-free traditional sweets with modern packaging.

Unorganized players

Absence of reliable brands that maintain quality across geographies.

Inconsistent quality and taste

Difficulty in sourcing products with traditional flavor and clean ingredients.

Limited trust and traceability

Need for a trusted FMCG brand that is health-forward and tradition-rooted.

PROBLEM STATEMENT

Lack of Chemical-Free Sweets

Indian consumers struggle to find chemical-free traditional sweets with modern packaging

Authentic Taste

Difficulty in sourcing products with traditional flavor and clean ingredients

Trusted Brands

Market Gap

Need for a trusted FMCG brand that is health-forward and tradition-rooted

Our Solutions – The Nandini™ Edge TS

OUR SOLUTIONS

Natural &
Preservative-Free

Modern
Branding

Local
Sourcing & QC

Cross-
Generational
Appeal

Sonawane Foods brings trusted traditional Indian food products into the modern FMCG world — with **clean hygiene, consistent taste, professional branding, and reliable supply chains.**

Key Elements of Our Solution

- **Natural & Preservative-Free:** All products are 100% natural and free from preservatives, ensuring purity and health.
- **Modern Branding:** Sold under Nandini™ brand (TM No. 3488847) with premium, shelf-ready packaging.
- **Local Sourcing & QC:** In-house processing and sourcing from vetted suppliers ensure stringent quality control.
- **Cross-Generational Appeal:** Products like Dry Dates Powder and Mukhwas resonate across age groups.
- **100% damage-replacement & no-dumping policy**

Market Opportunity

Market Size

Traditional Indian snack food market worth ₹45,000+ Cr and growing at 14–16% CAGR.

Target Categories

Focus on Mukhwas , Dry Fruit Mixes Chikki, Hing, and Natural Sweeteners.

Wellness Trend

80% of Gen Z now prefer food with health benefits
Post-COVID shift to immunity, digestion, and mental wellness

TAM Potential

Our Combined Product TAM(Total Addressable Market) in India: Estimated ₹10,000 – ₹12,000Cr across Tier I–III cities.

Category	TAM Est. India Market Size (2024–25)	CAGR
Mouth Freshener	₹8,000 Cr+	6–8%
Dry Dates Powder	₹800–1,000 Cr (within Dry Fruits)	10–12%
Hing (Asafoetida)	₹1,200 Cr+	5–6%

With ₹5 Cr Investment, Sonawane Foods is aiming for:
Market Cap Target (Sonawane Share) - ~₹70–75 Cr
Direct Market Share Across Products - 0.5 – 2%
Average Annual Growth - 50–55% CAGR

Healthy and natural food segments, like our **Kharik Powder & Chikki products**, are in **high demand** due to increasing health consciousness In India.

Executive Summary

Rapid Growth

Over 100% YoY growth for the past 4 years.

Founder Investment

₹5 Cr invested in infrastructure, machinery, and brand building.

Funding Requirement

Raising ₹5 Crore for 10% equity at a ₹50 Cr post-money valuation.

Utilization of Funds

To scale distribution, launch premium products, and strengthen the Nandini brand.

We are seeking ₹5 Crore in equity investment at a ₹50 Crore post-money valuation. These funds will be deployed to expand national distribution, introduce premium products aligned with wellness trends, and enhance the visibility of our Nandini™ brand.

Vision:

To sell one SKU of each variant every day at every retail counter across India, becoming a household name in traditional Indian FMCG.

Mission:

To provide consumers with pure, authentic, and health-enriching food products by blending innovation with tradition.

Competitive Analysis – Sonawane Foods vs Market

Regional Giants

Wide range but medium innovation and moderate reach beyond strongholds.

Local Brands

Limited product lines, low brand recall, inconsistent quality, and patchy retail presence.

Sonawane Foods

High-quality focused SKUs, strong brand innovation, and expanding pan-India reach.

Feature / Parameter	Local/Unorganized Brands	Organized FMCG (Generic)	Sonawane Foods (Us)
Product Hygiene	☒ Inconsistent, no SOP	☒ Moderate	☒ ☒ In-house, SOP-led hygiene
Product Authenticity	☒ Traditional flavors	☒ Often mass-produced	☒ ☒ Original recipes + modern safety
Ingredient Purity	☒ Questionable quality	☒ Standard-grade	☒ ☒ Pure, premium ingredients
Brand Recall	☒ Low or regional only	☒ National	☒ Growing brand “Nandini”
Packaging	☒ Loose, poor branding	☒ Modern	☒ ☒ Premium + shelf-ready
Pricing Strategy	☒ Very low margins	☒ Premium, non-differentiated	☒ Value-for-health, justified
Distribution	☒ Limited to few outlets	☒ Widespread	☒ Expanding across GT/MT/Online
Customer Loyalty	☒ Non-trackable	☒ Segment-based	☒ ☒ 60,000+ repeat buyers

Investors

Promoters

Hold 100% equity before funding;
will retain 90% post-investment.

New Investors

Will acquire 10% equity for ₹5 Cr
investment.

Exit Strategy

1st

Strategic Acquisition

Plan for acquisition by an FMCG group in 5–7 years. FMCG acquisitions typically happen at 2x-5x revenue or 15x-20x EBITDA, depending on growth and profitability.

3rd

Founder Buyback

Option for founders to repurchase equity after year 5, if the company generates strong internal cash flows.

2nd

Private Equity (PE)

Raise Series A/B funding to fuel expansion, improve infrastructure, and boost marketing.

4th

Initial Public Offering (IPO)

Public FMCG companies often trade at 10x–25x EBITDA, depending on growth potential.

Risk Factors & Mitigation

Risk Factor	Mitigation Strategy
Raw Material Price Volatility	Long-term supplier contracts and seasonal inventory stocking
Unorganized Competition Pricing	Brand loyalty, hygiene assurance, and customer retention programs
Distribution Disruption	Multi-channel sales strategy (GT, MT, Institutional, Online)
Scaling Challenges	Gradual expansion with SOPs, team building, and automation
Regulatory Compliance	Internal audits, proper licenses, and GST-compliant software
Working Capital Constraints	Mix of equity funding, LAP security, and strict cash flow controls
Talent Retention	Local hiring with training, incentives, and leadership culture

Past Financial Information

Key Observations

100% YoY growth over the past 4 years

No external funding or dilution — fully bootstrapped

Strong **net profitability** and growing customer base

High **retention rate (>50%)** and consistent distributor trust
