Introduction

About Skillonit

SPAD SkillonIT Learning Hub Private Limited Is A CSR-Oriented Digital Skilling Organization Based In Buldhana, Maharashtra, India, Dedicated To Empowering Rural And Underserved Communities Through Future-Ready Technology Education.

We Work To Bridge The Digital Divide By Delivering Accessible, Affordable, And Industry-Aligned Training In High-Demand Digital Skills Such As Artificial Intelligence (AI), Blockchain, Data Science, Cybersecurity, UI/UX Design, Web And App Development, DevOps, Digital Marketing, Game Development, And Emerging Technologies.

Our Programs Are Designed To Reach Learners Across Age Groups—From School Students (2nd To 10th Class) To College Students, Unemployed Youth, Women Returnees, And Working Professionals—With A Special Focus On Rural Maharashtra. Through Early Digital Exposure, Structured Career Pathways, And Advanced Skill Development, We Enable Students To Learn, Earn, And Grow Without Being Limited By Geography.

We Operate With A Strong Belief That Digital Skills Are A Powerful Tool For Social Inclusion, Economic Mobility, And Regional Development, And We Collaborate With Corporate CSR Initiatives, Government Programs, And Technology Partners To Scale Our Impact Responsibly And Sustainably.

Our Vision & Mission

Our Vision

To Create A Digitally Inclusive And Future-Ready India By Transforming Rural Maharashtra Into A Skilled Technology Talent Base, And Gradually Expanding Our Impact Across Pan India, Ensuring That Every Student—Regardless Of Location Or Background—Has Access To Quality Digital Education And Career Opportunities.

We Envision:

Rural Students Gaining Equal Access To Advanced Digital Skills.

AI, Blockchain, Data Science, And Cybersecurity Education Reaching Grassroots Levels.

Local Communities Evolving Into Self-Sustaining IT, Freelancing, And Startup Ecosystems.

Technology Education Becoming A Driver Of Social Equity, Employability, And Economic Growth

Our Mission

Our Mission Is To Empower Rural And Underserved Students Through Digital Skill Development, With A Strong Focus On CSR-Led Impact, Inclusion, And Long-Term Employability.

We Are Committed To:

Delivering Early Digital Literacy, Logical Thinking, And Career Awareness Programs For Students From 2nd To 10th Class, Preparing Them For Future Technologies

Providing Advanced, Industry-Relevant Training In:

Artificial Intelligence & Machine Learning

Blockchain Technology

Data Science & Analytics

Cybersecurity & Ethical Hacking

Our Values & Social Impact

Expected Impact On Buldhana

Thousands Of Students Get Skilled Locally

Growth Of IT Startups And Freelancers

Reduced Migration To Cities

Local Job Creation Through IT & Digital Skills

Making Buldhana A Modern, Future-Ready District

Get International Clients And Projects

Free Courses For Orphans And Financially Needy Students

- 100% Internship Guarantee After Training-
- 100% Job Assistance For All Students
- Affordable Education For Rural Students
- Focus On Practical, Real-World Learning
- Focus On Industry Job Ready IT Training And Skills
- Provide Job Ready & Industry Trending IT Skills

The Problem

In Today's Rapidly Evolving Technology Landscape, Students—Especially From Rural And Underserved Areas —Face A Severe Lack Of Awareness And Access To Trending Tech Skills. Even In Engineering And Degree Colleges, Students Specializing In IT, Computer Science, Or AI Often Don't Even Know The Names Of Essential Tech Courses Such As Blockchain, Game Development, App Development, AI, Cybersecurity, And Data Science. This Unawareness Is Not Limited To Students; Even College Staff Often Lack Updated Knowledge, Which Leaves Students Directionless And Unable To Compete For High-Demand, High-Paying Jobs. There Is No Structured Career Path Or Proper Guidance. Additionally:

Problems

- Reallocation Issues Disrupt Learning For Needy Students
- High Course Fees Make It Inaccessible To Financially Needy Students And Orphans.
- Very Few Training Centers Exist In Rural Regions, And Those That Do Offer Outdated Or Poor-Quality Content
- IT Companies Struggle To Find Truly Skilled Candidates For Their Requirements
- Many Financially Needy Students And Orphans Lack Access To Proper Mentorship, Career Counseling, And Educational Guidance

Current Challenges In Buldhana

- Lack Of Exposure & Awareness To Modern IT Careers
- Students Migrate To Cities For Better Education Or Classes.
- High Unemployment Among Rural Youth
- Limited Technical Training And Placement Support
- Colleges Lack Advanced IT Skill Courses
- No Guidance

The Solution

Skillonit Is Committed To
Building A Digitally Empowered India
And Reducing The Unemployment Rate Through Real
Skill Education.

Solution 1

- ▶ Offering High-Demand IT Skills Like Blockchain, AI, Cybersecurity, Data Science, Game Development, And App Development.
- ▶ Making Training Accessible To Both Urban And Rural Students.
